***Response to Amendment***

Applicants' amendment filed on March 25, 2005 has been entered on April 05, 2005 and the supplemental amendment filed on May 13, 2005 has been entered and forwarded to the examiner on May 13, 2005.

Therefore claims 23-24 and 26-35 as recited in the supplemental / amendment are currently pending in the Application.

Claims 25 and 36 has been cancelled by the Supplemental amendment. Claims 1-22 were previously cancelled.

***Allowable Subject Matter***

Claims 23-24 and 26-35 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The applied prior art fails to teach a combination of all the claimed features as presented in independent claims, which include a semiconductor device as claimed in independent claim 23 namely in the environment of making foil capacitor including the step of forming the trough holes through the valve metal foil.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
